during the renaissance horses long considered the privileged even sentient companions of knights errant gradually lost their special place on the field of battle and with it their distinctive status in the world of chivalric heroism parrots once the miraculous articulate companions of popes and emperors declined into figures of mindless mimicry cats which were tortured by catholics in the middle ages were tortured in the reformation as part of the protestant attack on catholicism and sheep the model for agnus dei imagery underwent transformations at once legal material and spiritual as a result of their changing role in europe s growing manufacturing and trade economies while in the middle ages these nonhumans were endowed with privileged social associations personal agency even the ability to reason and speak in the early modern period they lost these

qualities at the very same time that a new emphasis on and understanding of human character was developing in european literature in animal characters bruce thomas boehrer follows five species the horse the parrot the cat the turkey and the sheep through their appearances in an eclectic mix of texts from romances and poetry to cookbooks and natural histories he shows how dramatic changes in animal character types between 1400 and 1700 relate to the emerging economy and culture of the european renaissance in early modern european culture animals not only served humans as sources of labor companionship clothing and food these nonhuman creatures helped to form an understanding of personhood incorporating readings of shakespeare s plays milton s paradise lost margaret cavendish s blazing world and other works boehrer s series of animal character studies illuminates a fascinating period of change in interspecies relationships
