islam is growing rapidly both in its traditional homelands and in the west some in the west view islam with a mixture of fear and

suspicion however it is also fair to say that there is widespread ignorance about islam and especially about its relationship to political systems and the economy is islam compatible with a free society and a free economy is the fact that many muslim majority states do not have free economies or polities a result of an incompatibility between islam and political and economic freedom or does it result from an unfortunate series of historical events what role has past colonialism played in encouraging muslim extremism exactly what does islam have to say about freedom in economic political and religious life this book written by a range of islamic scholars sheds a great deal of light on these crucial questions it is an important book for those in the west who need to understand islam better it is also important for those in muslim countries who can influence the development of political systems and economic policy the publication of this book could not be more timely

amidst growing concerns about radical religious terrorism and general misinformation about the islamic faith this authoritative academic guide reveals the rich historical development and core theological teachings of the world s second largest religion by covering islam s philosophical development in detail alongside biographical treatments of several key thinkers this title unveils the beliefs of an oft misunderstood religion through an in depth exploration of muslim principles this title demystifies islam and provides a greater context in which to understand the islamic faith

this series of volumes on the manifold facets of islamic culture is intended to acquaint a very wide public with the theological bases of its faith the status of the individual and of society in the islamic world its expansion since the revelation its cultural manifestations in literature and the arts and finally islam today between loyalty to its past and the new challenges of modernity

if you want to understand islam you need to read the books that are its foundation koran sira life of mohammed and hadith his traditions the foundations of islam self study course is the easiest way to systemically study these books the foundations course is a training system with a philosophy and a method our philosophy of teaching is based on facts not opinion we use the same primary texts that experts use but they have been simplified and are easy to read the foundations course includes this study guide and three other texts mohammed s biography his traditions and a koran facts are hard to remember but a story is easy the first book you study is the life of mohammed an incredible story you will never forget the reason that our korans are easy to understand is that mohammed s life is integrated into them then the koran makes sense what you learn is easy to remember because it all fits together this book foundations of islam is a guide to learning about islam s foundational texts

originally published 1987 the first part of the volume is concerned with the roots of the islamic tradition and spirituality these are seen to include the qu ran as the central theophany of islam the prophet who received the word of god and made it known to

mankind and the rites of islam the second part examines the divisions of the islamic community with their distinctive pieties and emphases sunnism and shi ism and female spirituality part iii is devoted to sufism its nature and origin its early development its various spiritual practices and its science of the soul

foundations of islāmic psychology from classical scholars to contemporary thinkers examines the history of islāmic psychology from the islāmic golden age through the early 21st century giving a thorough look into islāmic psychology s origins islāmic philosophy and theology and key developments in islāmic psychology in tracing psychology from its origins in early civilisations ancient philosophy and religions to the modern discipline of psychology this book integrates overarching psychological principles and ideas that have shaped the global history of islāmic psychology it examines the legacy of psychology from an islāmic perspective looking at the contributions of early islāmic classical scholars and contemporary psychologists and to introduce how the history of islāmic philosophy and sciences has contributed to the development of classical and modern islāmic psychology from its founding to the present with each chapter covering a key thinker or moment and also covering the globalisation of psychology the islāmisation of knowledge and the decolonisation of psychology the work critically evaluates the effects of the globalisation of psychology and its lasting impact on indigenous culture this book aims to engage and inspire students taking undergraduate and graduate courses on islāmic psychology to recognise the power of history in the academic studies of islāmic psychology to connect history to the present and the future and to think critically it is also ideal reading for researchers and those undertaking continuing professional development in islāmic psychology psychotherapy and counselling

volume 1 god and his attributes volume 2 the seal of the prophet and his message volume 3 resurrection judgement and the hereafter

build a strong foundation in your faith foundations of islam for youth and reverts is a structured study guide rooted in the qur an and authentic sunnah designed for muslims who are beginning to take their learning seriously whether youth reverts or returning believers this book outlines the most essential knowledge every muslim must know and act upon from basics like the five pillars of islam to more advanced topics such as the three fundamental principles and the four obligatory matters this guide offers value at every level of study it walks you through the foundations of belief worship and personal responsibility in islam clearly and without compromise inside you ll find a structured q a format covering essential topics like tawhid shirk bid'ah tawbah modesty family obligations and more a complete step by step salah guide with visual aids authentic qur an and hadith references a brief but meaningful overview of the 25 prophets of islam perfect for islamic classrooms home learning or personal study what every muslim should know presented with care and conviction

behind the clamorous headlines of militant and political islam lies a more serene and cultivated form of traditional islam jean louis michon a unesco advisor tasked with preserving the architectural and artistic heritage of islam unveils this lesser known dimension of the world s second largest religion

islam can contribute towards the development of societies by establishing a unique model of governance from its explicit ontological worldview through a directed descriptive epistemology the research on governance in this study does not only focus on the positivistic materialist components such as institutions or mechanisms or growth per se but it encompasses the value laden holistic nature of human life in accordance with the islamic worldview as an important contribution in doing so it formulates good governance in islam in relation to the conceptualized ihsani social capital which constitutes the main thrust of the constructed model

education has always been an important pursuit in islam the prophet muhammad enjoined his followers to seek knowledge even unto china within the religion educational theory and practice were founded on the work of itinerant teachers who taught the fundamental tenets of the faith in exchange for lodging and other services qur anic schools where masters of the qur an tutored pupils and centers of higher learning in baghdad damascus alexandria and elsewhere where islamic theology and jurisprudence were developed and taught in this volume bradley j cook with assistance from fathi h malkawi has drawn together and introduced selections from the writings of eminent islamic thinkers on the subject of islamic educational efforts presenting the original arabic texts alongside their annotated english translations

after barely half a century of experience islamic banking has become established as a new niche industry across the world offering new and sophisticated financial products designed to be compliant with the principles of islamic legal principles and common law this comprehensive book explores the theory principles and practices underpinning this rapidly expanding sector of banking expert contributors including eminent scholars and senior practitioners in the field examine the roots of the principles of ethical islamic financial transactions which have evolved over several millennia on issuesincluding usury interest rates financial contracting for funding enterprises for mortgages for leasing and other financial transactions regulatory and governance issues are discussed and the practice and operation of islamicfinancial institutions are explained via three distinct case studies importantly the final chapter looks at what steps are being taken to provide professional accreditation to islamic banking professional personnel and prescribes requirements for training in this growing industry

this book is a guide on how to understand islam through it basic texts it is the first book in a self study series that allows an ordinary person to read information that has only been known by scholars it allow each of us to be our own expert through self education
